---

## • ABOUT ME

---

Computer Science student who has completed six semesters at Sir Syed University of Engineering and Technology, passionate about front-end development. I build responsive, user-friendly websites and interfaces using HTML, CSS, JavaScript, WordPress, and React Native, focusing on clean design and smooth user experience. I enjoy turning ideas into functional, visually polished web and mobile interfaces. Detail-oriented, a fast learner, and eager to grow in a collaborative, technology-driven environment.
